Coco loved picking big, red berries.

She filled her basket to the very top.

Her basket was GONE! Oh no!

Little paw prints led into the dark woods.

Coco followed the paw prints, step by step.

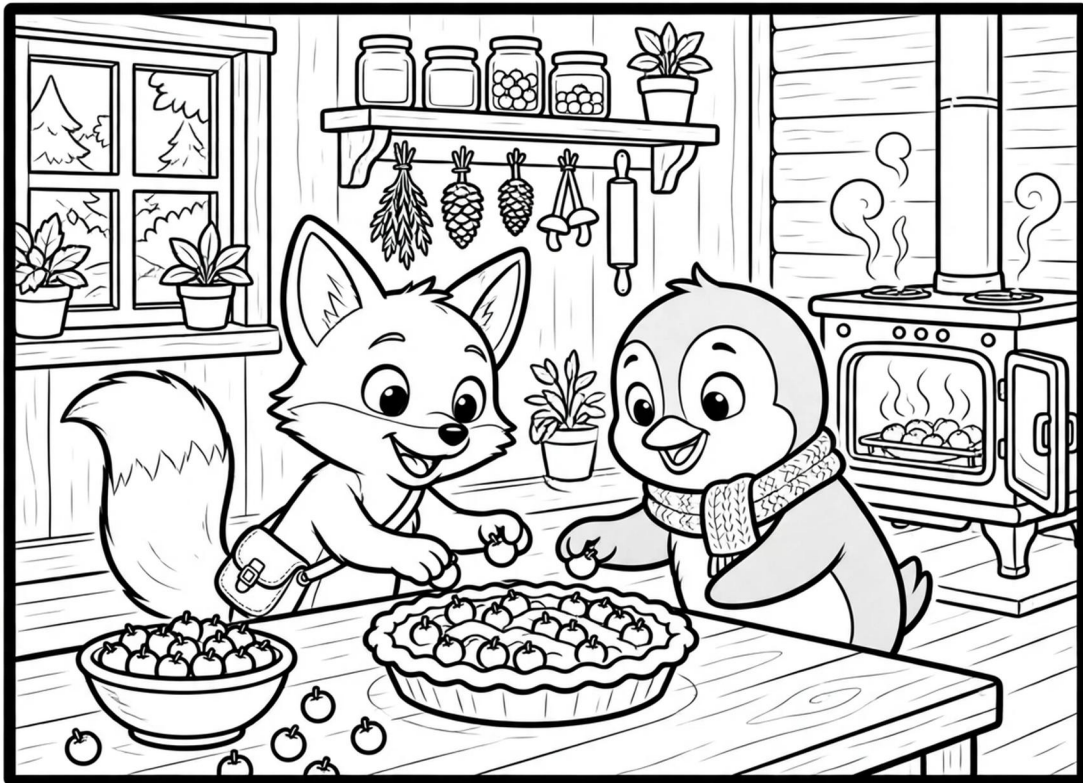

Whoosh! Milo slid down the snowy hill with her basket!

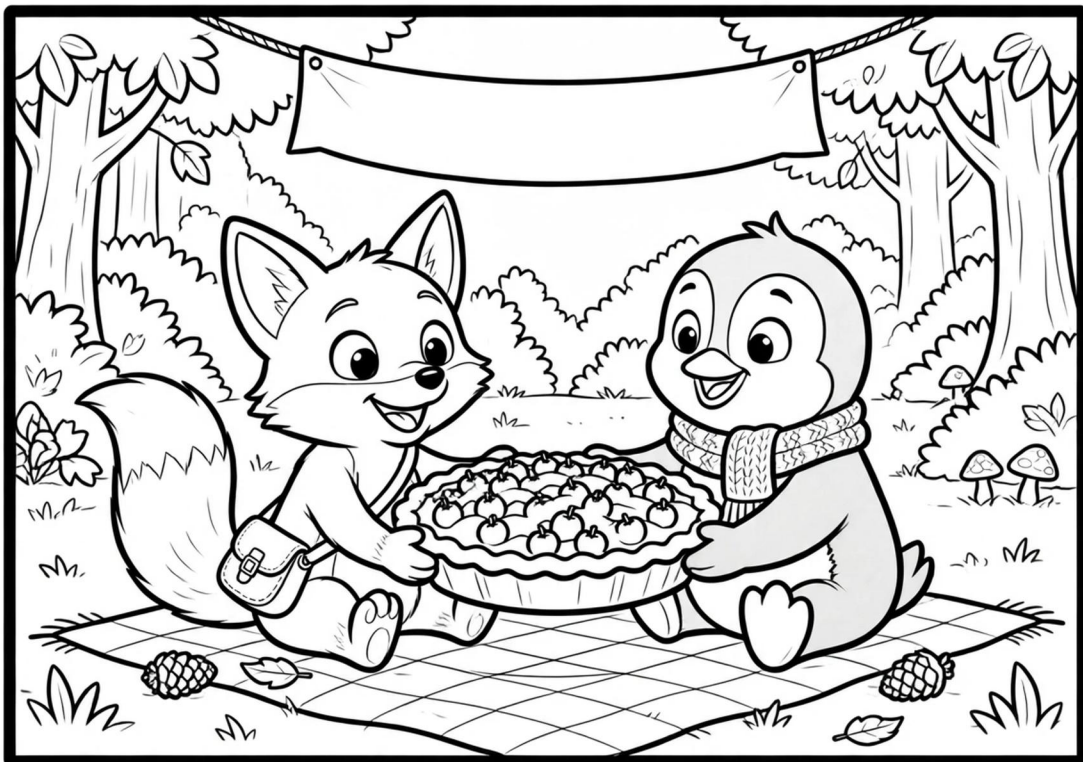

**"I borrowed your berries for snow treats,"
said Milo. "Sorry."**

"Let's share them!" said Coco with a smile.

Together, they baked a warm berry pie.

Sharing made it taste even sweeter. The end!
